

A CELEBRATION OF DIVERSITY

Social Story

Welcome to Omniium. We are delighted you are here. The virtual circus experience is unique and wonderful.

The preshow performers are our “Fan Favorites”. We honor their efforts by sharing them with you prior to the main show. These are people just like you who love Omniium Circus and have practiced their skills. Maybe you will get inspired to send us a clip of your artistry?

Here are the performers you will see in the show. All of the performers recorded their acts for Omniium from their space of quarantine during the pandemic. Read about these wonderful performers at this link: <https://omniiumcircus.org/about/>

Spanish Captioning: all spoken words are captioned in Spanish

Audio Described: Two people verbally describe the show as it is happening.

Plain language: the spoken words are overdubbed with a plain language format. The people who find this most enjoyable are those who are on the Autism Spectrum, those with cognitive differences, young children and English Language Learners.
