As a non-profit created during the pandemic, Omnium Circus has certainly faced its challenges, but as we approach the live premiere at Tysons III in VA, a combination of insurmountable circumstances beyond our control have forced us to make the very difficult decision to reschedule the winter 2021 dates with an eye on a return in Spring 2022.

Anyone who has purchased advance tickets to the performances originally scheduled for November 18-January 9th can choose to donate the value of the tickets back to Omnium Circus (a 501c3) as a tax deductible donation, exchange their tickets for new dates to be announced shortly or elect for a full refund. More information for ticket buyers will be available at OmniumCircus.com.

With the support and commitment of our Company, audiences, partners and everyone who has cheered Omnium Circus on since our inception, we have entertained over 25,000 people on seven continents with our virtual show and are being recognized for our unprecedented Disability employment rate of more than 26% which continues to grow. Omnium Circus is at its core dedicated to providing the most spectacular Circus experience in an environment of inclusion and diversity, with accessibility features built in to allow everyone to enjoy and find joy in our show.

We are tenacious and we are dreamers and Omnium Circus will return to enthrall audiences with our show at a later time. Rest assured that Omnium will always prioritize the health and safety of our Company and we honor and love those who support and continue along with us on this joyous journey.

About Omnium Circus:
